

2020 Island Packet 349 "FUNDY"

\$409,000 usd.

Island Packet Yachts

Located in Charlevoix, Michigan

SV Fundy is a 2020 Island Packet 349 *NEXT GENERATION* located in Charlevoix, Michigan. She has been meticulously maintained by her owner and industry professionals and has always been a freshwater yacht that has been in heated storage during off season. The Canvas work with full enclosure is done perfectly and the owner has added many upgrades during the 4 seasons she has been sailed.

Finished in the traditional ivory and camel tan gelcoat with Sapele interior and Sapele/light maple sole, she has the feel of a more traditional Island Packet but with all the benefits and upgrades that come with advancements in modern materials and technology.
