ISLAND PACKET 439

CRUISING WITH CONFIDENCE

At Island Packet Yachts we only build boats to the highest standards of quality, never sacrifice safety. Proudly owned, designed, and built in the USA, Island Packet is characterized by innovation and customization on behalf of our proud owners. Safe, yet surprisingly fast, stable and sea kindly. High end building materials come STANDARD.

Our owners are WHY we do what we do. Our team curates an ownership experience that is genuine and real. Becoming a part of the Island Packet Family says that YOU care deeply about the safety, comfort and over all sailing experience for your family and friends.

Call us to experience what it feels like to build YOUR boat, YOUR way, by a team that cares about you and your cruising dreams.

QUOTES FROM RECENT NEW OWNERS AND INDUSTRY EXPERTS:

439-02 "Molly D" - After three seasons and thousand miles on the East coast, the 439 has proven to be a comfortable and safe boat on the ICW or offshore. The large store room/ workshop aft of the galley makes it easy to store large items and maintain the machinery. The galley has plenty of drawers, cabinets and counter space while the U-shape keeps the cook secure. The abundance of storage makes outfitting for an extended cruise very easy. The Solent Rig, transom steps and fine IPY craftsmanship throughout draws attention in every harbor. - Dave and Linda

439-05 "Zale" - Working with the IP team on building my IP439 "Zale" was a wonderful experience and, after thousands of miles, "Zale" has demonstrated to be solid and fast (yes, fast!) - Santiago

Neil Harvey, Retired Industry Executive, Captain and Survivor of Fast Net 79
The best sailing, most stable boat I have ever sailed in the Gulf Stream. I have over 12,000 off shore miles on these yachts, including up to 52 knots of off shore wind. Impressed with performance in all conditions... fun in light winds due to the new performance rig!
